Cable colours:

- 230 V Power cable
- Data cable
- Display cable
- USB charging cable

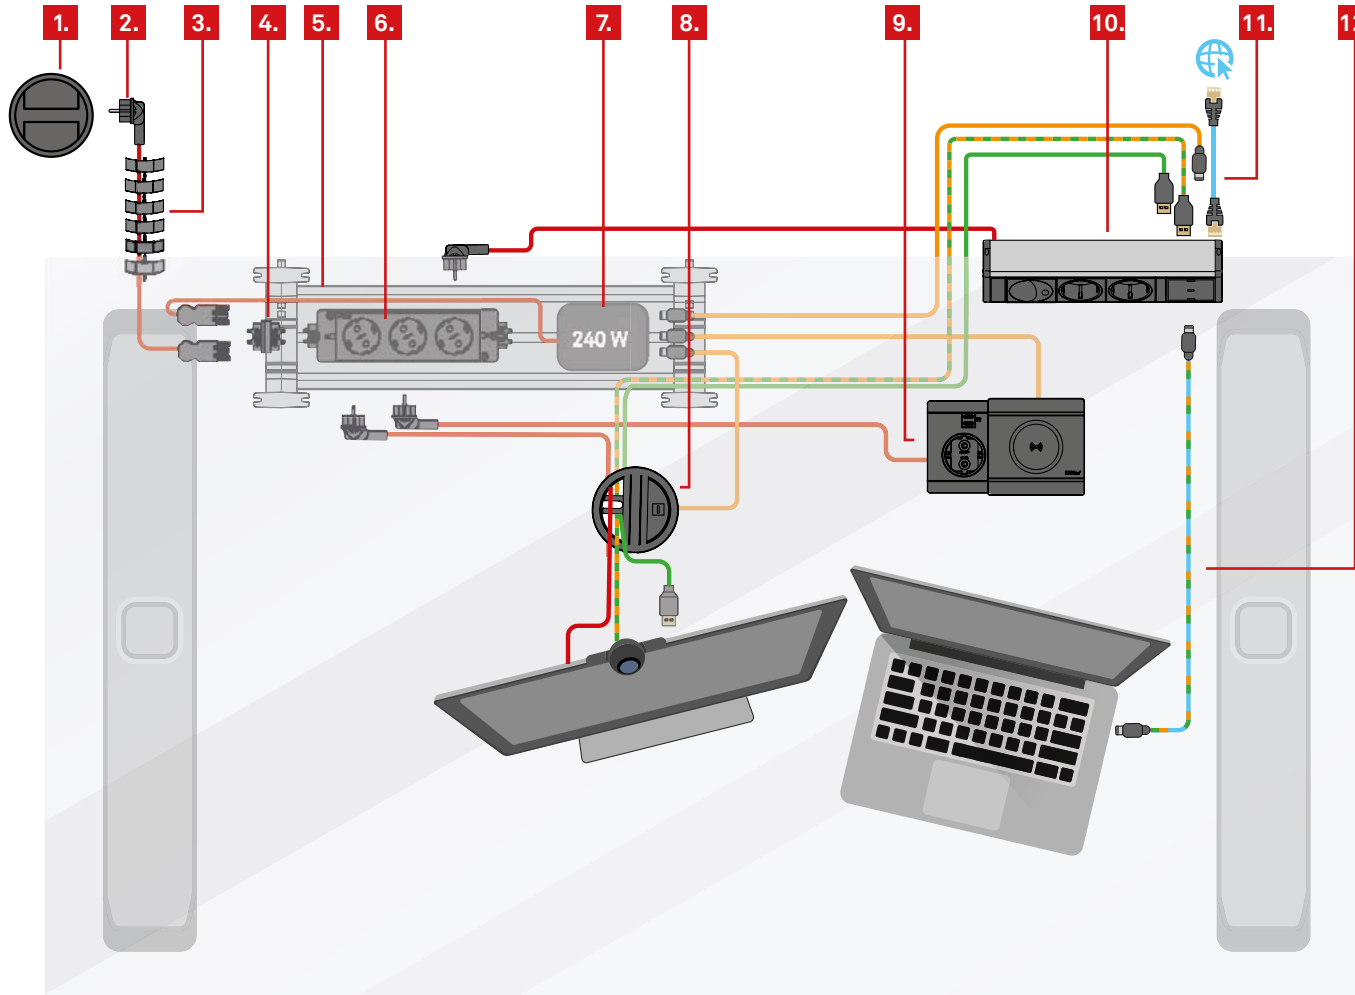

EVoline[®] interlinking concepts – Orgatec 2026

Our interlinking concepts demonstrate how different spaces can be supplied with power and data in a simple and flexible way. They bring multiple connection points together in one well-planned solution, ideally using just a single central power supply.

The drawing shows the interlinking layout of the table showcased at Orgatec 2026, illustrating how power and data are distributed to each workstation from a central supply.

Power Supply for a Desk

Express, Cicle80 Family, DockSquare - *Desks · Office Spaces*

1. Floor Outlet

2. Power Cord
